

# FLEXIBLE SEALANT ADHESIVES

**sabre**

**sabre**

- Structural bonding
- Flexible & strong - an ideal alternative to rivets, bolts and welding
- High UV stability
- USDA approved for food plant use
- Non hazardous
- No solvents, isocyanates, biocides, silicone or fire risk
- Easy tooling, non-slump, smooth skinning, non-melt and colour stable
- No priming required and paintable on most substrates
- High dielectric strength - won't promote corrosion between dissimilar metals when full adhesive spread is used

# GET THE RIGHT QUALITY ADHESIVES

## SABRE BOND SMP40

is a high quality single component adhesive sealant, with high adhesive strength, based on MS (STP) Hybrid Polymer. Developed for use in situations where a tough elastic rubber joint or powerful bond is required in Construction, Automotive, Marine and Aerospace Industries. SMP40 is suitable for interior and exterior applications and will give excellent adhesion, even on wet surfaces.

- 300ml cartridges in white, grey, black & clear
- 600ml sausage in white, grey & black

## SABRE BOND SMP60

is a high quality single component adhesive sealant, with medium viscosity and extremely high adhesive strength. It is based on MS (STP) Hybrid Polymer, is chemically neutral and fully elastic. Developed for use in Elastica Structural Bonding applications in the Coach, Caravan, Transport, Aerospace and Construction Industries, including high-traffic flooring where a tough flexible bond or seal is required.

- 300ml cartridges in white, grey & black
- 600ml sausage in white, grey & black

## SABRE SEAL INDUSTRIAL MS

is a high quality single component adhesive sealant, with high adhesive strength, based on MS (STP) Hybrid Polymer. Developed for use in situations where a tough elastic rubber joint or powerful bond is required in Construction, Automotive, Marine and Aerospace Industries. Sabre Seal MS with a Flexible Class A (+/-50%) joint movement rating, is suitable for interior and exterior applications and will give excellent adhesion on a wide range of substrates.

- 300ml cartridges in white, grey & black
- 600ml sausage in white, grey & black
